NEW BOIL ORDER ISSUED FOR VAL-E-VUE

CWLP issues order as safety measure following main break Thursday evening

A water main break in the Val-E-Vue subdivision Thursday evening necessitated the replacement of a 60-foot section of old main. CWLP has issued a boil order for the subdivision as a safety measure until quality tests on water samples can be completed.

When the boil order is lifted it will be announced through the media, on [CWLP's website](#), and on [CWLP's Facebook page, www.facebook.com/4CWLP](#).

Due to multiple recent main breaks in this area, the CWLP Water Department is working on plans for further water distribution system improvements to alleviate this problem area.
