N. MACARTHUR WATER MAIN WORK BEGINS TUESDAY

On Tuesday, October 25, north-bound and south-bound traffic will be detoured in the 900-block of N. MacArthur Boulevard at Dorlan Avenue while a City Water, Light and Power Water Department crew repairs a leaking water main.

This street closure will remain in effect until surface pavement repairs are complete. Work will be delayed in the event of inclement weather. Motorists are encouraged to use alternate routes during this lane closure.
